THE COMMUNITY FOUNDATION'S 2020 FAST FACTS & HIGHLIGHTS

The Community Foundation for Northeast Florida is comprised of more than 630 funds established by caring people in Northeast Florida who believe in Giving Back, Giving Forward. Each fund has a singular mission, and collectively they allow us to enhance our community. Since 1964, we have helped donors achieve their individual philanthropic goals, while supporting the citizens of Northeast Florida through a range of charitable and civic activities made possible by their gifts.

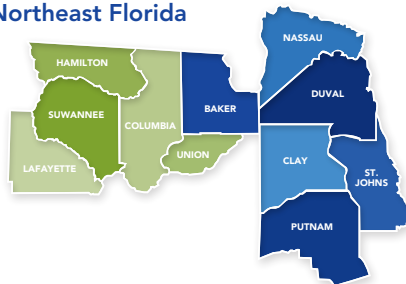

...a depository for the people of Jacksonville, both the large and small, the wealthy and the moderate, to be able to give for the betterment of their fellow man, not just today, but in a continuing way...

– Thomas R. McGehee, May 1964
